

Say NO to VIDEO GAMING in MISSOURI

HB2030 and HB2088 would allow SLOT machines to be placed in all gas stations, bars & restaurants. This will really be **bad for all bingos** and their charitable work in your local community. **Contact your State Representative**, (call or email) and ask them to oppose slot machines by **STOPPING House Bill 2030 and House Bill 2088** (*Sample message below*)

I am contacting you today to urge you to put a stop to slot machines in our community by **REJECTING** House Bill 2030 and House Bill 2088.

These bills bypass voter approval, override the state constitution, and allow slot machines to be placed in **EVERY** gas station, bar, and restaurant in our community.

I believe that one of the most important jobs that you have, is to abide by the state constitution.

Allowing the spread of slot machines without voter approval violates this sacred principle.

Please respect our state constitution and oppose slot machines in our neighborhoods by **REJECTING** House Bill 2030 and House Bill 2088.
